

MECHANICAL FULL BODY LIFT POLICY (Hoyer Lift/Hydraulic Lift/Electrical Lift)

POLICY:

It is the policy of this facility to utilize all measure and equipment to promote resident and staff safety and prevent injury to both. (A minimum of 2 staff members will be utilized to complete a mechanical lift transfer).

A mechanical lift is made available as deemed necessary in accordance with the resident's needs, per physician's order or therapy recommendations.

EQUIPMENT:

- Lift (Battery if applicable)
- Lift Sling

PROCEDURE:

1. Follow the Manufacturer's instructions for sling placement/positioning, operation of the lift, mounting/charging the battery, if applicable.
2. Follow the lift Manufacturer specifications for weight.
